

BIO-PANTENOL

4% Dexpanthenol Spray Solution

Skin, Mucosal Tissue and Hair Repair Spray

How BIO-PANTENOL works?

Panthenol, the active substance of BIO-PANTENOL spray solution, is transformed into panthotenic acid into body. Coenzyme A is the active form of panthotenic acid in the tissues. Coenzyme A is essential for the metabolism of carbohydrates, fats and proteins, the synthesis of steroid hormones and the detoxication of cetrain metablic products that prevents healthy skin and hair.

BIO-PANTENOL 4% spray solution is recommended for:

- Care of irritated skin and mucosal tissue;
- Skin care after sunbathing;
- Care of brittle and thin hair, and under-pigmented hair without shine;
- Hair care treated with coloring, perming, blow-drying;
- Hair care prevention of long or cosmetically treated hair splitting
- Splitting long or cosmetically treated hair.
