

BioLactive

ADVANCED

Product information:

Serving size: 2 capsules

Servings per container: 30

Active ingredient	Amount per serving
Fenugreek	610mg
Blessed thistle	300mg
Moringa Oleifera	200mg
Fennel seed	120mg
Anise seed	25mg

Ingredients:

Fenugreek seed extract (Trigonella foenum – graecum L.) DER 1:1; bovine gelatin; blessed thistle herb extract (Cnicus benedictus L.) DER 4:1; maltodextrin; moringa leaf extract (Moringa oleifera Lam.) DER 4:1; bulking agent: microcrystalline cellulose; fennel seeds powder (Foeniculum vulgare Mill.); anti-caking agents: magnesium carbonate, magnesium salts of fatty acids; anise seeds powder (Pimpinella anisum L.); anti-caking agent: silicon dioxide.

Indication:

BioLactive Advanced is an all-natural product designed to promote natural milk production.

Fenugreek contains phytoestrogens (Diosgenin), which are plant chemicals similar to the female sex hormone estrogen. Phytoestrogens are precursors that increase milk supply and milk volume.
Blessed thistle is commonly used to increase the flow of breast milk, usually by increasing prolactin levels.
Moringa oleifera increases breastmilk volume by increasing prolactin and providing essential nutrients.
Fennel seeds effectively boost milk production during breastfeeding, and when passed through breast milk, fennel seed also helps sooth digestive issues and the symptoms of abdominal pain or colic in babies.
Anise seeds increase breast milk supply and treat clogged ducts and other problems in the milk glands by maintaining a constant milk flow.

Direction:

Adults: Take 2 capsules daily preferably with food, or as directed by a physician.

Storage:

Store in a cool & dry place, Keep out of reach of children, Below 25°C.

Package:

4 blisters each of 15 capsules.
