BioVita C plus Zinc effervescent tablets combine Vitamin C & Zinc for healthy immune support and general health & wellbeing. Taken daily, BioVita C plus Zinc replenishes our body's Zinc and Vitamin C levels to provide optimum support for our immune system.
Vitamin C and Zinc prepare our body to resist not only colds, but also other illness like fever and infections.

Vitamin C is an important antioxidant that helps the body's acts as first defense against free radicals. Vitamin C is a cofactor of enzymes involved in the formation of collagen, the most abundant protein essential in the formation of bones, teeth, cartilage and skin.
Vitamin C is a part of the body's natural immune system; It stimulates the activity of antibodies and immune cells which inhibit foreign antigens such as bacteria and viruses that are harmful to the body.

Zinc is required for the catalytic activity of more than 200 enzymes involved in cell division and growth. It is required for the normal development and maintenance of the immune system. Zinc ions are effective antimicrobial agents.
Zinc is also essential for skin integrity and wound healing; it promotes tissue repair by stimulating cell division.

INDICATIONS:
Helps maintain a healthy immune system;
Provides antioxidant support;
Supports heart health;
Contributes to skin health.

WARNING:
Excessive consumption may have a laxative effect (sorbitol> 10%).
